What is Aussie Rules Piano Bar?

At Aussie Rules, we changed the perception of 'piano bars' forever by combining comedic shtick with great party songs that everyone knows and loves. The show is all request-based, all the time! The party keeps going, the music never stops and the energy builds until you and your guests are dancing on your chairs and singing at the top of your lungs! Every night is a unique experience! Aussie Rules is a place where the piano players and staff not only entertain the guests, but the guest becomes part of the show! The unique atmosphere at Aussie Rules appeals to any age group and is the perfect place for any party.
